### July: Happy Birthday, America!

Fireworks and get-togethers with family and friends mark July 4th across the United States. But outside of the festivities, when was the last time you stopped to think about what the 4th of July was really all about? This Independence Day we've compiled a few notable quotes by notable folks. Enjoy, and have a safe holiday!

We must be free not because we claim freedom, but because we practice it.

– William Faulkner

Those who deny freedom to others deserve it not for themselves.

– Abraham Lincoln

The American Revolution was a beginning, not a consummation.

– Woodrow Wilson

America is much more than a geographical fact. It is a political and moral fact - the first community in which men set out in principle to institutionalize freedom, responsible government, and human equality.

– Adlai Stevenson

## Business of the Month:

To guide and provide

Hortica Insurance & Employee Benefits was founded in 1887 as a niche specific, mutual insurance company to write business insurance for the horticultural industry. Since 1927, the Company has been headquartered in Edwardsville and serves horticultural businesses throughout the United States. In 1965 Hortica created an independent agency division to provide employee benefits and personal insurance for our niche customers, as well as expand all product offerings to non-horticultural businesses and individuals in Edwardsville/Glen Carbon and Metro East communities.

Hortica Insurance & Employee Benefits is proud and excited to be an authorized AARP personal insurance provider. They have over 40 markets for commercial and personal insurance to service the local area. Their specialties include programs for financial institutions, professional offices and high value home and auto coverage.

The employees of Hortica support 60 local and national charities throughout the year. Most notable is Hortica's Christmas Basket program that has been a tradition for over 40 years. Employees organize presents and groceries, and personally deliver gift baskets to qualifying recipients' homes. In 2010, forty-one area families received baskets.

Hortica's tag line, "To Guide and Provide," represents their business philosophy to provide their customers with comprehensive, effective insurance solutions to protect their business and personal interests at an affordable price.

A member of the Edwardsville/Glen Carbon Chamber of Commerce since September 1986, Hortica's employees value the opportunity to participate in many worthwhile projects in the Edwardsville/Glen Carbon area, as well as valuable networking opportunities.

Hortica Insurance & Employee Benefits is located at #1 Horticultural Lane in Edwardsville. To learn more about Hortica, call 618.656.4088 or go to [www.hortica-insurance.com](http://www.hortica-insurance.com)

Scott Credit Union recently presented a check for \$1,000 to representatives from the National Children's Cancer Society to sponsor this fall's NCCS Charity Run to be held September 17 at SIUE. The event will feature a 5K run with medals being awarded for first, second, and third places in several age categories.

Scott Credit Union Community Relations Representative Lauren Hayes presented the \$1,000 check to NCCS Development Assistants Farah Walleck and Jessie Meurer.

"This is another opportunity for us to support our community and the people who live here," Hayes said. "We feel that it is important that we do what we can to help this very worthy cause. We are very happy to be able to help raise money to support the work that NCCS does in our area."

For more information about the NCCS 5K Charity Run Presented by Scott Credit Union, visit the National Children's Cancer Society website at [www.theNCCS.org/5Kcharityrun](http://www.theNCCS.org/5Kcharityrun).

## Edison's, New Entertainment Complex, To Open on 157 in Edwardsville

Managing partners Matt McSparin and Terry Rujawitz are pleased to announce the introduction of Edison's, a new entertainment concept that is slated to open in Edwardsville late 2011. Edison's will feature 12 Lanes of Boutique Bowling, a state of the art laser tag arena, an arcade, a family dining experience, a bar and lounge and a self serve premium yogurt bar – all packaged in a comfortable atmosphere. This announcement comes at the end of an 18 month quest by the partners to research and design the ultimate entertainment complex and provide what promises to be a relaxing and fun experience for all ages. The Edison's partnership also includes local businessman Mike Schiber, Kurt Hylla of Edwardsville, and Doug Lascody and Tom Ray, both of Sherman, IL.

Located just south of Sunset Hills Country Club and across from Sunset Hill Cemetery, Edison's will be within 1 mile from the intersection of I-270 and Route 157, one mile from the high school and less than two miles from SIUE, making for a convenient location serving Madison County and beyond.

The Edison's name suggests a connection to an electrifyingly good experience, a surge of excitement, and a place to re-invent yourself. Edison's – What a Bright Idea, is one of the company tag lines and that line will be accompanied by a light bulb, the universal symbol for an idea, in this case a bright idea.

"We discussed several different names and this name seemed to capture the classy and rich presentation of our place with some underlying meaning to the name. We expect Edison's to become synonymous with good times and getting recharged from the daily grind," McSparin shared.

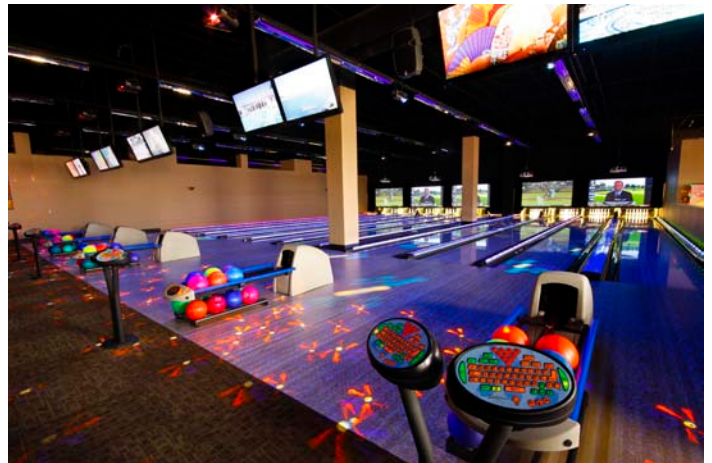

Edison's will be on the cutting edge of a trend across the nation to combine a high end bowling experience with other entertainment elements and robust food and beverage offerings.

"We have plans to offer special nights to cater to leagues, college students, teens, church, businesses and other groups. We will feature specials that fit every patron's budget," Rujawitz stated.

"We are currently in the final stages of an agreement with a local restaurateur who will become our tenant," added McSparin. "We think everyone will be excited and pleased with our choice of restaurant partner, I know we are. To add to the fun and to satisfy those interested in cold treats, we have a commitment from two local families teaming up to open a self-service Premium Frozen Yogurt Bar. We are excited to have them on board, as they have previous experience in the frozen yogurt business. Keep your eyes opened for announcements on both of these soon. We also have additional leasable space available for a business that may want to get involved with this new and exciting entertainment complex."

"The inception of this idea was to create a place where families, singles, groups and all in the community could gather, have fun, relax, take a break and enjoy themselves without having to travel out of the area," CEO (Chief Entertainment Officer) McSparin shared. "We have worked hard to research and compile a collection of activities that are currently a void in our community and we are eager to make this a comfortable and exciting place where you can leave your worries behind and eat, drink and be merry," added CFO (Chief of Fun Officer), Terry Rujawitz.

The ground breaking ceremony is set for Thursday, July 7 at 4pm and will take place at the site of the new Edison's, 2277 State Route 157. Partners of Edison's invite all who have interest in celebrating this milestone. Contact Matt McSparin at 604.6562 or Terry Rujawitz at 781.9394 to learn more. Find Edison's online at [www.edisonsfun.com](http://www.edisonsfun.com) or on Facebook.

## Update from Leadership Council SW Illinois

by Patrick McKeehan, Executive Director  
Leadership Council Southwestern Illinois

Positive development stories continued to roll in over the past few weeks as local media outlets reported on a range of public and private projects that are moving forward or have recently been completed. Also capturing the media's attention was the announcement of a new name and logo for Tri-City Regional Port District, which has become a significant economic engine for our region in recent years. We look forward to hearing more about continued growth at the newly rebranded America's Central Port in the years to come.

Other good news recently focused on the release of the drafted levee improvement plan by the Flood Prevention District Council. We welcome this latest milestone since having a plan in place is an essential ingredient in helping businesses and citizens prepare for the future, restoring investor confidence in the area and assuring taxpayers that their money is being spent effectively.

# Gateway Regional Opens New Wound & Hyperbaric Center at Edwardsville Health Center

Gateway Regional Medical Center has opened its new Wound & Hyperbaric Center located at the hospital's Edwardsville Health Center, 1121 University Drive. The new center features the area's only hyperbaric oxygen chambers, and provides individuals with chronic, non-healing wounds, a local option for wound care and hyperbaric therapy.

"Gateway's experienced team of doctors, wound care nurses, physical therapists, nutritionists and diabetic educators provide this very specialized level of care for our region," said Mark Bethell, CEO. "The Wound Center team is a valuable resource for local physicians who have patients with non-healing wounds. We are excited to provide that resource and make healthcare in our region more comprehensive."

Nearly 5 million Americans are afflicted with chronic, non-healing wounds—those that don't heal, or at least improve significantly, within four weeks. Often, these are individuals with diabetes, non-healing surgical wounds, pressure or arterial ulcers, and venous insufficiency.

The Wound Center offers a comprehensive program with a wide variety of treatments specifically to promote the healing process. This includes debridement—the surgical removal of dead tissue from a wound, wound-specific dressings, wound protection, skin substitutes, pressure relief, and skin care. Education on infection prevention and nutritional support are also part of the program. When needed, patients can be referred to one of Gateway Regional's skilled cardiologists or vascular surgeons for revascularization—a surgical procedure for the provision of additional blood supply. Thus, all patients can be treated within the system by qualified and certified physicians that are already on staff.

Members of the community visited the center at the Grand Opening & Ribbon Cutting on June 22. "The new center and hyperbaric chambers are really something worth seeing," said Kate Allaria, Director of Public Relations at Gateway Regional. "Attendees toured the facility while enjoying live music by Jack Twesten, hors d'oeuvres and drinks."
